IV. PLAN REVIEW REQUIRED

Plans and specifications must be submitted for one and two-family dwellings when the input rating of the building heating/cooling system exceeds 375,000 Btu's.

What is the building size in square footage? _____

What is the input rating of the heating system in this building? _____

HAVE PLANS BEEN SUBMITTED?

YES NO NOT REQUIRED

(See below for plan review requirements before completing this section)

Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act. No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal except:

1. One and two-family dwelling when the total building heating/cooling system input rating is 375,000 Btu's or less.
2. Alterations and repair work determined by the Mechanical Official to be of a minor nature.
3. Business, Mercantile and Storage buildings have HVAC equipment only, with one fire area and not more than 3,500 sq. feet.
4. Work completed by a governmental subdivision of State agency costing less than \$15,000.00

PLANS MUST BE SUBMITTED BEFORE A PERMIT CAN BE ISSUED.

V. CONTRACTOR SIGNATURE

Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125 1523AA, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violations of Section 23a are subject to civil fines.

Signature of Licensee: X	Date:

VIII. INSTRUCTIONS FOR COMPLETING APPLICATION

GENERAL: Mechanical work shall not be started until the application for permit has been filed. All installations shall be in conformance with the Mechanical Code. No work shall be concealed until it has been inspected. When ready for an inspection, call the city providing as much notice as possible. The City will need the job location and permit number. When a permit is issued, the permit number will be prefixed by an PM.

EXPIRATION OF PERMIT: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit, or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work.

A PERMIT WILL BE CANCELED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF A PREVIOUS INSPECTIONS. CANCELLED PERMITS CANNOT BE REFUNDED OR REINSTATED.
